About Me

I am a motivated and enthusiastic student with a strong interest in software development and technology. I have practical experience with Python, MySQL, HTML, and CSS through personal projects such as a Student Management System and a Portfolio Website. I have gained practical experience through freelance game development project, which helped me strengthen my programming, problem-solving, and project management skills. I enjoy solving problems, learning new technologies, and continuously improving my programming skills. I am currently learning German and seeking an Ausbildung as a Fachinformatiker für Anwendungsentwicklung to develop my skills in a professional environment.

WORK EXPERIENCE

December 2025 - Febraury 2026

Freelance Game Developer

- Developed an Endless Runner game using Unity Engine and C# programming.
